

# Art home learning

## Key Stage 2

Our art focus for the next 2 weeks will be drawing

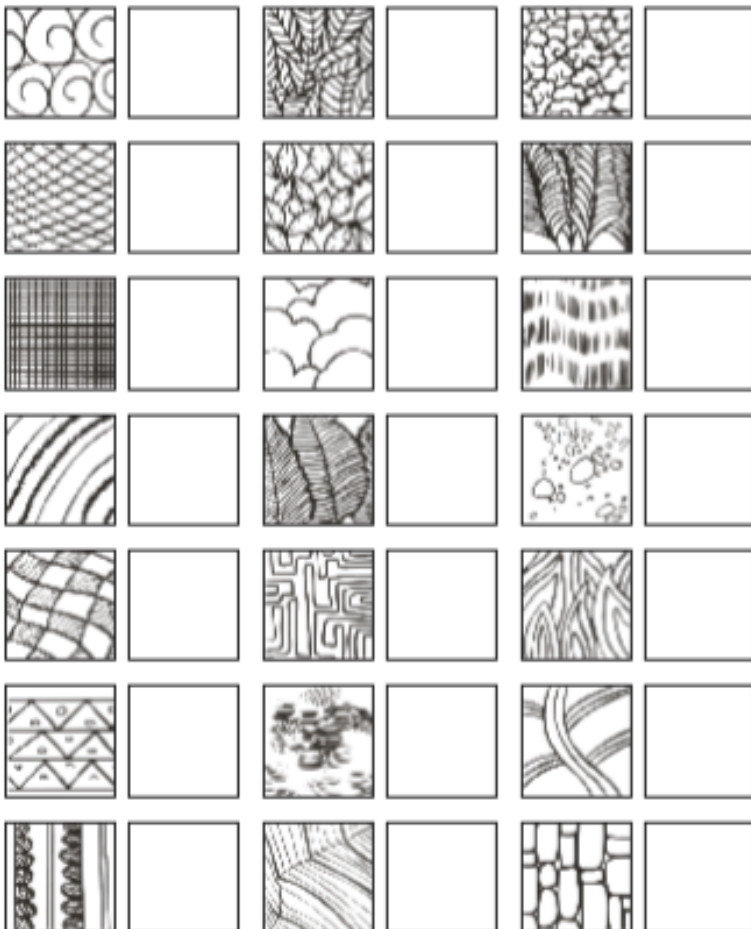

You will explore creating texture with a pencil and use this skill to create a landscape.

Please take a photograph of your work and post it on twitter. We would love to see them.

### Week 5

#### Drawing texture with pencil

Texture is the feeling, appearance or consistency of an object or material. It can be natural or man made, functional or decorative. Artists try to replicate the texture of the subject to make their work look as realistic as possible. Practise drawing texture with a pencil by copying these textured squares.

### Week 6

Now use your skills in creating texture with your pencil, create a patterned terrain. Each pattern represents the terrain it covers. If you begin with the definite black lines from the bottom and work your way up, you will find this a relatively straight forward piece of artwork.

First use pencil to create the black lines. Then create the patterns. Finally go over the pencil lines with thin black pen.
