Year 5 & 6 Homework

22nd January 2022

Dear Families,

In order to support your children as much as we can with their maths and English we will be introducing a new homework system for them this week. The children will be expected to complete an English/grammar task from their book, directed pages from their maths books and directed pages from their new arithmetic books. Please ensure the children look after these books as they will need to pay for new ones if they lose the one they are given by the teacher.

We feel that the children need to understand the importance of completing their homework so will be introducing a homework club that the children can attend on a Tuesday should they require any support with their work or are unable to do this at home.

If the work is not brought in on the designated day (Wednesday) then they will be expected to attend a homework club on a Thursday lunchtime to complete it. If the children do need to attend on this day they will still be able to have their lunch and sometime outside before they will come back into school to spend half an hour on completing their homework tasks.

If the children consistently refuse to do their homework at home please feel free to contact us here at school and we will support in any way we can, however, the expectation is that the children do complete all of the work set. It is important for us to work in partnership as home and school to ensure they consolidate work, begin to work to a routine ready for High School and achieve as high as they are able to do so. Thank you for your support with this, we hope that you understand the importance as much as we do with the children understanding that completing their homework can have a huge impact on their learning.

If you have any questions, please do not hesitate to ask a member of my team or myself.

Kind Regards
Mrs Parr and the year 5 & 6 team
